

# Vote **1** John Howard for King!"

4<sup>th</sup> Edition – June 2004 – By William Wallace

**John Howard** needs your help. Election time is upon us once again, and by voting:

## 1 John Howard ✓

on election day – or better still, by not voting at all, you will enable John to rule as your King for another 3 glorious years.

Mr John Howard, a totalitarian by nature, has replaced **“Rule by Common Law”** with **“Law by Proclamation.”**

By proclamation and example he shows how justice should be administered in his realm of Australia.

**Royalty:** It is believed that John Howard’s bloodline traces all the way back to his great ancestor and free thinker - Judas Iscariot, Prince of the Pit!

King John 1<sup>st</sup>

**Steps to the Throne:** Once upon a time, on the 28<sup>th</sup> April 1996 to be exact, 35 defenceless people had just been slaughtered at Port Arthur, Tasmania. Immediately the Australian Prime Minister, Mr John Howard, set to work to bury this heinous crime by establishing all the facts, then suppress them – which is the purpose of most renegade government enquiries.

As the nation recoiled in horror over the Port Arthur Massacre, John Howard, on nationwide television, surprised the populace as he threw off his Prime Ministerial garments and boldly donned the royal purple, then unashamedly established himself as the King of Australia, by virtue of his usurpation of the Constitution and especially Common Law (*which the Constitution is based*).

**“I, King John 1<sup>st</sup> do solemnly proclaim before all the world that I am above God’s Laws, and am thereby able, at my discretion, to deny natural justice to God’s created beings, in this instance mankind living within my realm of Australia. Virtue, morality, honour and righteousness I do despise. By the powers vested in myself, of myself, and by myself, I may ‘bless the guilty’ and ‘curse the innocent,’ as I so determine. As your King I have made the following: Decrees – Ukases - Executive Orders – and Proclamations. LONG LIVE MYSELF!”**

## Resume of King John 1<sup>st</sup>

- When 35 innocent, and defenceless people were massacred at Port Arthur, 28<sup>th</sup> April 1996, I royally decreed that there would be no Coronial Inquest, and it was so;
- I, King John 1<sup>st</sup> proclaimed that a gentle but mentally challenged lad called Martin Bryant, was guilty of being the mastermind and genius behind the Port Arthur Massacre;
- By royal decree I denied Martin Bryant his Common Law right of a trial by jury;
- By royal decree I denied Martin Bryant his Common Law right to proper legal representation, which is required by law for mentally handicapped people (*Martin has a registered IQ of 66, 100 being average*);
- By royal decree I allowed Damian Bugg & Nick Perks from the Office of the Director of Public Prosecutions, to exclude key witnesses like Wendy Scurr and other survivors, from attending or publicly discussing Martin Bryant’s trial;
- Former military man Graham Collyer was in the Broad Arrow Cafe at around 12.30pm, and eye-witnessed the gunman enter the cafe carrying a long sports bag. Later Graham was shot in the throat by this gunman, and was one of the few people to see him and live to tell about it. He described the gunman **“He had long blonde bedraggled hair 3 - 4 inches below the shoulder.”** (*Martin’s hair was shoulder length.*) Mr Collyer also mentioned that the gunman was **“...20 years old with a pitted acne scarred face.”** (*Martin was 28 and noted as having an angelic face!*) Tasmanian Attorney General Ray Groom and I ignored this evidence;
- Even though Martin Bryant was witnessed as having stopped for coffee at the Shell Service Station at Forcett, 30km north of Seascope, whilst someone was shooting at Seascope at the same time, I accused Martin Bryant;

Martin Bryant

- Even though Martin Bryant was later witnessed buying petrol 15km north of Seascope at the Convict Bakery Service Station at TARANNA, between 11.45am and 11.50am, while people were being massacred by 2 or 3 shooters at Port Arthur, by royal decree I charged Martin Bryant as guilty;
- Bryant was next witnessed visiting Roger Larnier between about 1.05pm and 1.15pm. He was then witnessed entering the tollbooth by staff about 1.15pm, at the same time that a gunman was witnessed at the Port Arthur Historic Site messing about in the car park. By royal decree I charged Martin Bryant as guilty;
- It matters not whether Martin Bryant is innocent or not, as I do not respect nor tolerate any semblance of justice within my kingdom;
- By my power, might and good looks, I not only illegally tampered with forensic evidence at Port Arthur, I also had it destroyed via bulldozer and other methods, for I am more than a mere man - I am Divine!
- By royal decree I caused as much evidence as possible to be locked away for 30 years, especially most video evidence that reveals that there was more than 1 shooter;
- By royal decree I provided funds to send some survivors and their families to other countries, thereby removing key witnesses;
- By royal decree I blatantly disregarded sworn testimonies by the Federal & State Police and the public alike, who testified that there were **“...other shooters involved;”**
- By royal decree I dismissed the fact that one shooter could be heard firing a shot in the distance, while Martin Bryant was elsewhere talking to police on the phone;
- By my magnificence I overrode police jurisdiction;
- By royal decree and my glorious majesty, I have demanded and caused it to be taught, that no Australian has the right to use a firearm for self defence, and that all Australians must be disarmed and made defenceless, like those 35 people who were killed at Port Arthur. Of course people such as I, John Laws and other important people, may carry concealed firearms to protect ourselves;
- Even though you were born with the right to bear arms, and even though the Creator Jesus Christ commands his people to arm themselves (Luke 22:36, Luke 11:21 etc.), I have attempted to remove this right by my incredible power and might;
- By royal decree I have allowed our military to be reduced to such a degree, that all of our forces combined can only defend 1 kilometre of beach for 15 minutes. I have thus disarmed Australian citizenry prior to military adventure;
- Australia is recognised as the most mineral rich nation in the world, and by royal decree Australia is possibly the most defenceless and undefended country in the world, open to invasion at any time, by anyone, by any means;
- By royal decree my ways have permeated all of Australia, and now corruption and injustice do overflow this great land of mine, and many judges and lawyers alike accept bribes and deny natural justice to the innocent;
- By royal decree I sold most of Australia's gold when the prices were at an all time low. I told you that no one wants gold anymore, just money, and you believed this lie and trust instead in plastic money borrowed from the IMF (UN);
- By royal decree, power and might I brought a GST into Australia, even though I promised I would never allow GST to come to this country, and despite the fact that most of you did not want it;
- By royal decree I have helped sell Sydney Airport and much of Telstra, so that it is not wholly Australian owned;
- By royal decree I pledged on worldwide television, to use the Australian Armed Forces to aid Skull & Bones member George Bush, in a full scale offensive against any country President Bush feels like conquering. This decision I made with no consultation with the Australian people, nor am I concerned about the possible sacrifice of thousands of Australian soldiers;
- When a small taxi driver in Gympie was assaulted by 5 ethnic male youths, and a passing delivery driver came to his rescue, using his car as a weapon to disperse the aggressors, he was therefore subsequently subjected to King John 1<sup>st</sup> mandated laws, that **“no good deeds must go unpunished!”** I applauded the judicial system that penalised the delivery driver by fining him \$950.00, disqualified him from driving for 6 months, gave him a criminal record and caused him to lose his business. If he had saved me, he would be a hero! This is my form of justice and your tax money at work!
- By royal decree I use the Great Barrier Reef and other Natural Resources / National Parks as collateral for the money we owe the International Monetary Fund (*United Nations*), which debt I created through embezzlement of Australian wealth.
- By royal decree I have caused hard workers and business owners to suffer. I have increased taxes. I have discouraged local production and encouraged importing in its stead. I have created a bankrupt 3<sup>rd</sup> world country out of the world's richest nation!

***“Adolph Hitler attempted to inaugurate a “New (World) Order” by military conquest; but I, King John 1<sup>st</sup>, have successfully installed a New World Order, at the behest of my Illuministic masters, by stealthy Fabianistic gradualism, and ably assisted by YOUR: gullibility – stupidity – apathy – ignorance - cowardice and inertia.***

***I pretend to be a Christian, as did my great forefather Judas Iscariot, and you blindly follow me! Then follow me again, follow me up the mountain. Vote 1 John Howard, and I shall show you even greater wonders, and will ensure that you receive the government that you deserve! The ultimate benefit of my kingly rule will make Hitler's Germany look like a fondly remembered walk in the park. King John 1<sup>st</sup>.***
